Errata are also provided to subscribers of JIS (English edition) in *Monthly Information*.

JAPANESE INDUSTRIAL STANDARD

J I S

Insulated bodies of insulated
or refrigerated vehicles

D 4001-1995

1. **Scope** This Japanese Industrial Standard specifies the insulated bodies (hereafter referred to as "bodies") of the insulated or refrigerated vehicles which transport goods maintaining an appropriate temperature.

Remarks 1. The following standard is cited in this Standard:

JIS D 1701 Performance test method for bodies of insulated or refrigerated vehicles

2. The units and numerical values given in { } in this Standard are based on the traditional units and are appended for informative reference.

2. **Types** The types of the bodies shall be classified, according to the body sizes and the insulating performances, as given in Table 1.

Table 1

Type according to body size	Type according to insulating performance
T-018 T-024 T-030	A, B, C, D
S-030	
S-036	
S-036W	
S-0042	
S-0042W
